I found that the test was much like the study guide.

It helped me guide my studying. When there was a section that I was unsure about I could then go back to my Organic 1 or 2 notes and practice more. There is plenty of time to do the test slowly, so don't rush through the answers and miss an easy question.

As the published ACS

Study Guide articulates, chemistry knowledge should be more than sets of formulas and techniques. Rather, it is a coherent set of knowledge that enables comprehension of the submicroscopic(chemical) world. As such, the ACS tests seek to uncover such genuine understanding.
