The 10th edition of the AMA Manual of Style brings this definitive manual into the 21st century with a broadened international perspective. The 10th edition has expanded its electronic guidelines, with the understanding that authors now routinely submit articles through online systems and often cite Web-only content.

Need AMA Style Help? AMA Manual of Style Sample References
Each reference should be cited in the text, tables, or figures in consecutive numerical order by means of superscript arabic numerals. It is acceptable for a reference to be cited only in a table or a figure legend and not in the text if it is in sequence with references cited in the text. For example, if Table 2 contains reference 13, which does not appear in the text, this is acceptable as ...
