Amphenol Aerospace offers a wide range of fiber optic connectors solutions for use in the harsh environments found in military and aerospace applications. From multiple fiber optic termini options to connectors to custom cable assemblies, Amphenol can provide solutions for virtually any fiber optics need.

~~Media Converters | Amphenol PCD~~

Amphenol Fiber Optic Products manufactures optical interconnect products and provides complete fiber optic interconnect solutions. Their line of fiber optic cable assemblies include single- and multi-mode versions in a variety of cable configurations, including custom assemblies, that make them ideal for a wide range of applications.

~~Distributors | amphenol fop | Amphenol Fiber Optic Products~~

Description Amphenol direct connect trunk solutions offer fiber optic and/or power connectivity in a single cable, with up to 48 fiber pairs and 18 copper conductors available. A single trunk enables connectivity to several RRH's without the need for a tower top distribution box.

~~Product Finder | Amphenol~~

Amphenol Industrial Operations, the worldwide leader in explosion proof and hazardous environment interconnects, introduces a new, miniature, explosion-proof threaded connector specifically designed to allow a signal to pass through Zone rated areas using coax, fiber optic cables, or standard copper.
