Recommendation from Marine Safety Forum (MSF) Quoting from Anchor-handling Manual template by Marine Safety Forum (MSF), incorporating recommendations from NMD. Prior to sailing, a document must be displayed on the bridge, where it is visible to be navigator on duty, to show the acceptable vertical and horizontal transverse force/tensions to which the vessel can be exposed. This should show a sketch of the GZ curve and a table of the tension/forces which give the maximum acceptable heeling ...
