Experiments in General Chemistry LLC

Figure 3. Construction of a body-centered cubic unit cell. B-1. What fraction of the volume of the center sphere is inside the unit cell, if the corners of the unit cell lie at the centers of the corner spheres?

Chemistry | Science | Khan Academy

EXPERIMENT 2 INTRODUCTION. The term analysis in chemistry usually refer to the quantitative and qualitative determination of the components of a sample. Qualitative referring to the identity of each component, quantitative to the amount. Prior to both determinations, a separation of the components usually has to be done.
