APA style referencing (6th Edition) is a parenthetical author-date
style, so you need to put the author's last name and the
publishing date into parentheses wherever another source is
used in the narrative. The latest edition consists of in-text
citations and a reference list, along with rules for formatting the
paper itself.~~

APA style format was developed in 1929 by scholars from a number of different scientific fields and backgrounds. Their overall goal was to develop a standard way to document scientific writing and research. Since its inception, the Style Manual has been updated numerous times and it is now in its 6th edition. The 6th edition was released in 2010.
