Intermediate Algebra Problems With Answers - sample 2 :Find equation of line, domain and range from graph, midpoint and distance of line segments, slopes of perpendicular and parallel lines.

Math.com Practice Algebra

Algebra is a powerful tool for problem solving in science, engineering, economics, finance, architecture, ship-building and many other day-to-day tasks. If we didn't use letters in place of numbers (and used words instead), we would be writing many pages for each problem and it would be much more confusing.
