Page 9 AP Biology: 2013 Exam Review Thinking Practice 1. For each molecule shown to the right, answer the following, providing justifications for each: a. Is it polar or nonpolar? b. Is it hydrophobic or hydrophilic? c. In order to be transferred into a cell, would the molecule require a protein channel? 2.

biology chapter review key concepts] Flashcards - Quizlet

Conclusion: AP Biology Review Guide. The AP Biology test is a long exam, and it covers a wide range of material. Recently, the test was updated to focus less on information recall and more on analytical thinking, which can be good and bad. On the one hand, you won't have to rely on memorization as much.
