Get Big and Strong the Old-School Way | Breaking Muscle

As a result, the Old School bodybuilding meant relying on the basic movements using primarily barbells and dumbbells to develop their physiques. This lack of variety turned out to be a blessing in disguise as the free weights helped to build greater muscle mass and strength compared to the more sophisticated equipment that was yet to come.

The Perfect Old-School Chest Workout Routine For Pure Mass ...

The old school bodybuilders used plenty of isolation exercises, but they also targeted their bodies from many different angles with real strength lifts. Bodybuilder John Grimek was a competing strongman, champion bodybuilder and also a complete athlete. Grimek was able to do splits, balance on his hands and he was strong as a bull.

Old School Bodybuilding Workout | Old School Labs

This exercise is a variation of the back squat and was commonly used by old school bodybuilders to add mass to their legs. It's performed by holding on to something like a column, machine or anything that can fully support your bodyweight.

An Easy Way To Eat for Bodybuilding Old School Style

Most of this old-school cycle was the creation of Jim McLellan of Denver, Colorado. I used McLellan's calf routine multiple times in the 1970s and eventually added a few revisions of my own. The end result is a cycle that combines some of the techniques of super sets, rest-pause, burns, and the negative-accentuated style.

The 10 Best Old-School Exercises | Muscle & Fitness

The old-school bodybuilders, many of whom actually competed as world class weightlifters, programmed their routines exclusively around getting stronger. The reasoning is simple: performing compound movements with heavy weight recruits more muscle fibers and stimulates increased growth.

Bodybuilding The Old School Way

You can use these old-school principles to tweak your current plan. For example, throw out all of the cable curls and kickbacks in favor of bigger, meatier replacements like cheat curls and heavy weighted dips. Take out the flies and pull-downs, and go with bench presses, pull-overs, pull-ups and heavy rows. Get Big the Old-School Way

The Old-School Calf Blast | T Nation

Old school bodybuilders used to eat lots of fats. They used to follow the Ketosis diet which is about eating more fat and fewer carbs, so that the body burns fat for energy.
