Biología

**Essential Cell Biology by
Dennis Bray, Julian
Lewis, Bruce ...**

Molecular Biology of the

Cell is the classic in-depth text reference in cell biology. By extracting the fundamental concepts from this enormous and ever-growing field, the authors tell the story of cell biology, and create a coherent framework through which non-expert readers may approach the subject.

Molecular Biology of the Cell (book) - Wikipedia

Book Description. As the amount of information in biology expands dramatically, it becomes increasingly important for textbooks to distill the vast amount of scientific knowledge into concise

principles and enduring concepts. As with previous editions, *Molecular Biology of the Cell*, Sixth Edition accomplishes this goal with clear writing and beautiful illustrations.
