### ~~6 Major Animal Issues Worth Fighting For This Year—The Dodo~~

When managing water resources, the total agricultural, societal, and environmental system must be considered. In the United States, substantial withdrawals from the lakes, rivers, groundwater, and reservoirs that are used to meet the needs of individuals, cities, farms, and industries already stress the availability of water in some parts of the country ( Alley et al. 1999 ).

~~Top issues impacting agriculture: Regulations and demand ...~~

In 2014, huge strides were made on behalf of animals, from several bans on cosmetics testing, to retirement plans for carriage horses, to the introduction of an entirely novel way of thinking about animals' legal rights. But 2015 is set to have even more in store for animals - and even bigger battles to fight. Here are six of the most important ones, and how you can help fight them:
