Criss Cross (PsyCop #2) on Apple Books

Criss Cross, Psycop Book 2 by Jordan Castillo Price, may be a novella but it manages to pack a lot of action from beginning to end. Prepare for ghosts going aggro and stranger things. It picks up the action right at the end of Among the Living (Book 1). After Victor lost his last NP (non-psychic) partner because she actually had precog ability, he was tagging along with Jacob and his psychic partner, Carolyn.

Criss Cross: A PsyCop Novella (Volume 2): Jordan Castillo ...

Criss Cross, book two in Jordan Castillo Price's PsyCop series, kicked off with such promise. Huge creeps in the opening pages! Something special about a river full of....\*cough\* Never mind. Not telling. :) But overall the story fell flat for me. We meet up with Victor Bayne and Jacob Marks where book one left off.

This was a wonderful reading of Criss Cross, book 2 in Jordan Castillo Price's Psycop series. Gomez Pugh has really hit his stride here, and is a pleasure to listen to. Jacob's voice is perfect now (very topy), but the way we hear Vic's thought process in this narration it's clearer how they are equal partners.

Criss Cross now available in audio, narrated by Gomez Pugh. What PsyCop listeners are saying: "Add me to the list of people who are loving the Psycop books in Audible versions. Although I've read the whole series, listening to the book, I pick up on little details and things I missed the first time through. The narration is great.

Victor Bayne, the psychic half a PsyCop team, is a gay medium who's more concerned with flying under the radar than in making waves. He hooks up with handsome Jacob Marks, a non-psychic (or "Stiff") from an adjacent precinct at his ex-partner's retirement party, and it seems like his dubious luck has taken a turn for the better.
