DCF: Child Growth and Development CGAD What is a theory? A set of facts or principles analyzed in relation to one another and used to explain phenomena(a fact or behavior that can be observed)

DCF Courses for Miami-Dade County ~DCF Miami-Dade County ...

To summarize: Children follow the same growth and developmental sequence. The rate of a child's growth and development may progress differently. A child's readiness for learning and the achievement of developmental milestones are directly tied to interactions with other people and the child's surroundings. It is likely that the child care professional will spend more time with a child than their parents.
