DCM KX SUB2 Subwoofers user reviews : 4.5 out of 5 - 22 ...

I picked up a used dcm sub 712 off of criaglist (I know, I know...I deserve that one) that sounds good at lower, but turning it up a bit, it sounds like there's a rattle going on when the bass gets good. Should I find a replacement driver or replace the whole unit? I don't have much to spend without spending time to save up, and I live in a ...

Whatever happened to DCM's Steve Eberbach? - Page 23 - AVS ...

It's much more difficult, to make great sounding speakers affordable. That driving philosophy continues in today's DCM speakers. Over the past 25 years, DCM has developed a variety of loudspeakers for home stereo and home theater each a masterpiece of sound and design and each with the same love of music that gave birth to the legend of DCM.

Dcm Subwoofer User Manuals Download - ManualsLib

As Fast Eddie said, it might work well with a pair of Time Windows. However, I'd be a bit wary of picking it up as a general use sub. There is no means for adjusting the crossover frequency, so you're stuck at whatever it's set at and whatever it ends up at with different impedance speakers.

I have a DCM SUB-712 and it's having a problem where it seems that the volume is stuck at a very high level. It's always very loud and boomy, and moving the knob doesn't change it at all. This doesn't look like an easy fix, unless someone has an idea about how to fix it, I'm looking for a repair shop in Portland, Ore. Does anyone have any ...

Welcome to DCM Speakers

I've had my DCM Sub-712 in my various speaker configurations for quite some time. In fact, I'd venture to say I've had it for over 15 years. It's served me quite well and continues to do so, but I've recently started thinking about a change.

Sub 710 Speaker by DCM Corporation-DCM Loudspeakers ...

Meanwhile, I have the opportunity to pick-up a DCM 710 II subwoofer for a more-than-reasonable price. From a previous post, I know that it's part of Steve's line-up but nothing was said as to whether or not it would compliment something like my TW3 mains. Something I should look into or should I hold out and get something that will make the ...
