It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Small Steps Toward A Much Better World. It's time to reup the idea of buying coal mines and shuttering them. I wrote about this a few years ago based on Bard Harstad's piece in the JPE and it came up again on twitter so I went looking for a coal mine to buy. Here's a coal mine for sale in West Virginia for only \$7.8 million! According to the ad, the mine produces 10,000 tons of coal ...

Natural law (Latin: ius naturale, lex naturalis) is a system of law based on a close observation of human nature, and based on values intrinsic to human nature that can be deduced and applied independent of positive law (the enacted laws of a state or society). According to natural law theory, all people have inherent rights, conferred not by act of legislation but by "God, nature, or reason."

The Darwinian revolution is generally taken to be one of the key events in the history of Western science. In recent years, however, the very notion of a scientific revolution has come under attack, and in the specific case of Charles Darwin and his Origin of Species there are serious questions about the nature of the change (if there was such) and the specifically Darwinian input.

I. Introduction. In the early years of the nineteenth century, Americans' endless commercial ambition—what one Baltimore paper in 1815 called an “almost universal ambition to get forward”—remade the nation. 1 Between the Revolution and the Civil War, an old subsistence world died and a new more-commercial nation was born. Americans integrated the technologies of the Industrial ...
