~~Patent Claim Drafting for Beginners: A prelude to drafting ...~~

In almost every U.S. patent suit, the patentee's counsel considers how the case could have been facilitated had the patent at issue been drafted and prosecuted differently. These considerations demonstrate that patents should be drafted and prosecuted with an eye toward the possibility of litigation.

~~10 Things To Know About Patent Litigation | Above the Law~~

Patent litigation is a law process in which one party sues another over the unlawful use of a patent. A patent holder might sue a company or individual in federal district court for monetary damages and an injunction against the infringement. The patent holder must take legal action within six years of the infringing date.

~~Drafting Patents for Litigation and Licensing, Third ...~~

The patent drafter who created the drawings for a specific patent application in the first place will already be familiar with the invention and will spend less time preparing any graphics required for litigation purposes, saving the patent owner additional expense.
