Western alienation - Wikipedia

Federal political power resides in the core, and if the Constitution leaves ample opportunity for federal influence on resource policy, then the economic advantages of the peripheries can be compromised by the protective instincts of the core, which accounts for the aggressiveness of western provinces and Newfoundland over resource control.

Federalism and Regionalism in Western Europe

A comparative study on federalism and regionalism in Western Europe cannot bypass the thorny issue of defining both terms. I shall take it as the starting point of my analysis. As is the case for many general political concepts such as democracy, globalization, or legitimacy, scholars have attributed different meanings to federalism and regionalism.
