### **FCSD Chemicals and Lubricants**

(The original Ford/Borg-Warner recommendation back in 1984 was Dextron II. As this is no longer available, we and TREMEC recommend the 50 wt gear oil.) We recommend high quality Synthetic oil as it lasts a long time and over a larger operating temperature. It is important to change the oil in your transmission based on how you use the vehicle.

### **What is the best fluid for a T5 Transmission | Ford ...**

Manual transmissions may use manual gear oil, or transmission fluid specific to each vehicle make and model. If you have a manual transmission system you want to keep an eye out for contaminated transmission fluid, and specifically transmission fluid that appears to contain any shards of metal from worn bearings or synchronizers.

### **Ford Transmission Fluids, Oils, Additives | Automatic ...**

Early automatic transmissions used simple motor oil as a lubricant, but as the systems became more complicated, producing ever more heat, a specialty lubricant was required. General Motors answered the call first in 1949 with Type A transmission fluid. Type A was followed by ATF offerings from Ford and Chrysler in the ensuing decades.

### **Transmission Fluid - 1966 Ford Mustang | O'Reilly Auto Parts**

My previous vehicle, a Jeep Compass 5-speed, used ATF+4 automatic transmission fluid in the manual transmission. I sometimes miss a shift, we all do. At 100,00mi I'm thinking of changing the fluid. Personally, 150,00mi on fluid is a long distance to go. The vehicle has been driven in dusty conditions and if you read the fine print in the owner ...
