~~Tom Petty - Free Fallin' Lyrics | AZLyrics.com~~

In Newtonian physics, free fall is any motion of a body where gravity is the only acceleration acting upon it. In the context of general relativity, where gravitation is reduced to a space-time curvature, a body in free fall has no force acting on it.. An object in the technical sense of the term "free fall" may not necessarily be falling down in the usual sense of the term.

~~Free Fall | Definition of Free Fall by Merriam-Webster~~

Jeff Lynne (Electric Light Orchestra) co-wrote and produced this song. Tom Petty stated that Lynne had come up with the title, and Tom had spent quite some time figuring out the best way to sing the phrase.

~~Free Fallin' - Wikipedia~~

Free-fall, in mechanics, state of a body that moves freely in any manner in the presence of gravity. The planets, for example, are in free-fall in the gravitational field of the Sun. Newton's laws show that a body in free-fall follows an orbit such that the sum of the gravitational and inertial

Mike Campbell recalled his experience with working together with Jeff Lynne, "This guy walked in and he knew exactly how to put the pieces together, and he always had little tricks, like with the background vocals: how he would slide them in and layer them; and little melodies here and there. Tom and I were soaking it up. Pretty amazing, a very exciting time, like going to musical college or ...
