This microphone is similar in design to the previous variants with a medium diaphragm 16mm cardioid mic. It is powered directly by a USB (type A to type B) cable where the connector takes the places of the previous XLR socket. The microphone has a self-noise figure of 20dB, which is not brilliant but is adequately low for most studio applications.

Excellent microphone for high quality zoom meetings, or voice narration or recording. Installation and drivers all went very smoothly simple plug in with USB to micro USB on the back of the mic. Microphone range seems good, speaking within a foot or two comes across clearly; you do not need to be right against the mic to get a good recording.
