*Scotts Gunsmithing - Online Gun Manuals*

Originally published in 1883, The Gunsmith's Manual is generally considered to be the first substantive work dealing with gunsmithing exclusively and in detail. A comprehensive introductory chapter, one of the manual's best qualities, provides the reader with an extensive history of the gun, including the invention of gun powder, the first rifle, and much more.

*American Gunsmithing Institute (AGI) Technical Manual ...*

Roy F. Dunlap's book is self-described as "a manual of firearms design, construction, alteration and remodeling for amateur and professional gunsmiths and users of modern firearms." What makes Dunlap's book important is its specificity. For example, instead of merely bringing up the need for a bench grinder, he cites why a 1/4- o r 1/3 ...
