The Tennessee jury found that Navistar committed fraud and violated the Tennessee Consumer Practice Act in connection with the sale of 243 Navistar International ProStars with MaxxForce engines to...

MaxxForce DT Diesel Engine Repairs - Mechanics Hub

Navistar MaxxForce Diesel Engines. ... litigation brought on behalf of plaintiff truck owners and lessees alleging that Navistar, Inc. and Navistar International, Inc. sold or leased 2011-2014 model year vehicles equipped with certain MaxxForce 11- or 13-liter diesel engines equipped with a defective EGR emissions system. Judge Gottschall ruled ...

Maxxforce Engine Problems | Miller Weisbrod, LLP

Common Maxxforce 13 EGR Delete Problems Black Smoke Is Appearing from The Exhaust The primary job of the EGR is to help reduce nitrogen oxide emissions from the engine. This is done by allowing in the cooled exhaust gas into the air inlet duct to keep temperatures low enough so that nitrous oxide does not form in the first place.

Goodbye Maxxforce - Daily Diesel Dose

As with lawsuits filed earlier this week over the company's 2011 and 2012 engines, the class-action suit claims Navistar knew the EGR systems on the MaxxForce engines had problems yet hid those ...

I'm looking for info from O/O who own a maxxforce 13 ...

The International MaxxForce DT diesel engine uses high pressure oil that hydraulically actuates the injectors after receiving an electronic signal from the engine control module. This is very basic but those two things caused a problem with the engine in the video. The driver called in said he had no power and needed a spare.

How Navistar solved its EGR problems - Truck News

MaxxForce Engine Problems Having MaxxForce Engine Problems? Do you have a 2010-2013 Navistar International Truck with a MaxxForce engine? Have you experienced repeated and excessive breakdowns? Have you attempted to sell or trade your Navistar International truck only to receive low offers?

MaxxForce Engine Overview | Miller Weisbrod, LLP

Maxxforce engines were supposed to free International from the hassles of dealing with outside suppliers. Building engines in house make sense as the profits stay in house. If you make your own engines you are not at the mercy of an outside vendor who can idle your production lines when they experience problems of their own.

Navistar MaxxForce 13 engine | Commercial Carrier Journal

Navistar International Corp. recently reported a fiscal third-quarter net loss of \$28 million. Navistar's last profitable quarter came in mid-2012 and much of Navistar's problems stem from the fact that they bet on the wrong diesel engine technology.

Navistar DT engine - Wikipedia

International will no longer be making the MaxxForce engine as it does not conform to the 2010 Engine Emissions standard. International had built up enough credits and pay penalties for the engine to squeak through the governmental okay process. International was sued by other engine manufacturers as the other engine manufacturers made engines ...

Navistar's Wrong Diesel Engine Technology Costing Millions ...

Owners of Navistar International Corp. trucks with faulty MaxxForce engine technology will qualify for a no-questions-asked \$2,500 payout or a \$10,000 rebate on a new truck under a \$135 million ...
