Selain itu, wani juga bijak menterjemah apa yang dia cerap untuk dituang dalam puisi dan catatan.

"More than a decade later, Wani Ardy still embodies the spirit of self-discovery and wonderment. Her earliest exploits had deep foundations in the acousti-femme movement of the early 2000s; most of her output from this particular era are standout examples in the lost art of overcoming bleakness with a uniquely beautiful mix of vulnerability and iron will.
