The book is also a valuable resource for college and community gender-based violence prevention and intervention program providers.

Men's Violence Against Women: Kilmartin, Christopher ...

Men reported women's violence as 'inconsequential' which did not affect their wellbeing and safety; they rarely sought protection. Women tend to over-report their own violence, and men underestimate or define away their own (especially anything non-physical).

Theories used to explain male violence against women ...

Carefully organized and tightly edited, this insightful book considers potential causes of men's violence against women, utilizing a variety of theoretical perspectives. It summarizes what is known about the multiple causes of men's violence against women and the importance of identifying men's risk factors in order to prevent future violence.

What Causes Men's Violence Against Women? | SAGE ...

Synopsis. "Men's Violence Against Women" offers a balance of clinical and social psychological theory and research, as well as prevention and intervention techniques with the purpose of understanding and ultimately ending gender-based violence. The authors address several forms of violence, including rape, intimate partner violence, stalking, and sexual harassment in a contemporary linguistic style carefully crafted to avoid victim blaming.

Men's Violence Against Women: Theory, Research, and ...

Nancy Lombard argues that a gender-based analysis does not exclude men; rather it considers the differences between men and how men and women experience and use violence differently with the impact linked to gendered social positioning.

violence against women: current theory and practice in ...

Men's violence is the single most serious health problem for women in the United States. It causes more harm than accidents, muggings, and cancer combined. For women aged 15-44, an estimated 50% of emergency room visits are the result of violence at the hands of their husbands, boyfriends, ex-husbands, or ex-boyfriends.
