~~Expedition PCB Advanced - Amazon S3~~

In the FloTHERM Advanced Training course you will learn advanced troubleshooting techniques for convergence problems and gridding concerns. In addition, we will guide you through the advanced capabilities such as transient analysis, joule heating, advanced component level modeling as well as the various import and export options available.

~~Xpedition xPCB Layout Advanced - Mentor Graphics~~

The Xpedition® xPCB Layout Advanced course will help you understand many of the advanced layout options available for xPCB Layout, including many of the purchasable utilities. ... Mentor Learning Services; Xpedition xPCB Layout Advanced ... Successful completion of the xPCB Layout Introduction course or adequate experience using Expedition PCB ...

~~Layout | Mentor Graphics Communities~~

I am trying to import the layout of a file from Altium to Expedition PCB. I am able to import the schematic from Altium to DxDesigner but I am trying to figure out if I can directly translate

~~Mentor Graphics Expedition Pcb Advanced~~

The Expedition Advanced Packaging Bndl enables 3D Advanced
packaging design in Expedition. This includes IC packaging,
MCM/Hybrid Design and Mixed signal SiP design. 3D Wire
bonding, Chip Stacking, substrate cavities as well as integral
embedded passives are supported in this flow and are covered in
this class.
