Migration and Christian Identity in Congo (DRC), Journal ...

The increase in migration in the 20th and 21st centuries has social, political and economic implications, but also effectuates change in the religious landscape, in religious beliefs and practices and in the way people understand themselves, each other and the world around them. In Religion, Migration and Identity scholars from various disciplines explore issues related to identity and religion, that people - individually and communally -, encounter when affected by migration dynamics.

Religion, Migration, and Identity

In the black Atlantic region, religious identity is formed by routes rather than roots. Faith shaped by migration, diaspora, and slavery. by Philip Jenkins. July 24, 2020. The Great Mosque in Porto-Novo, Benin (Photo © peeterv / iStock / Getty) In 1993, British scholar Paul Gilroy published his brilliant and deeply influential book The Black Atlantic, which taught a generation to study issues of race and identity not within any one nation or even continent but rather to comprehend the vast ...
