A game of canasta turns out crooked, and a golden girl ends up dead. It seems that Auric Goldfinger is a bad loser when it comes to cards. He's also the world's most ruthless and successful gold smuggler. As James Bond follows his trail, he discovers that Goldfinger's real game is the heist of fifteen billion dollars of US government bullion.

Moonraker (the book) is a first class story with a strong plot and perhaps the best character development of any Fleming title. The story is set in the 1950's and centers around an offer by millionaire Hugo Drax to develop for Great Britain a limited range missile capable of delivering a nuclear payload against the Soviet Union.

## Moonraker James Bond 3 Ian Fleming

Fleming's third James Bond book. Not to be confused with the Christopher Wood adaptation of the dreadful Roger Moore film of the same title, this is the novel that Ian Fleming truly begins to hit his stride with the series and a deeper look into the character and life of James Bond.
