Nowhere Child. First published on the 14th of October, 2015, it was to be a standalone title from Rachel Abbott, as it was again brought out through the Black Dot Publishing Ltd label. Whilst the novella features many of the same characters as Stranger Child, it works as a subsidiary answering many of the unanswered questions from before.

Nowhere Child is the answer to all your questions from Stranger Child. It has all the same suspense and twists and turns you have grown to love from Rachel's writing style. I agree with some of the other reviewers that I was still left wanting more and Rachel has left this book open in the sense that she very well could write another
