systems. It is an essential complement to IMO Conventions, Codes and Circulars and is intended to encourage self-regulation and promote continuous improvement to enhance the safety of merchant shipping and achieve incident free operations.

~~OCIMF—Oil Companies International Marine Forum—Home~~
The Tanker Management and Self Assessment (TMSA) programme provides companies with a means to improve and measure their own safety management systems. The programme encourages companies to assess their safety management systems (SMS) against key performance indicators (KPIs) and provides a minimum expectation (level 1) plus three levels of increasing best practice guidance.
