## **Stop This Train— Overcoming Obesity**

Concern is rapidly growing about obesity rates in the United States.

This paper analyzes the political consequences.

Despite myths about individualism and self-reliance, the U.S. government has a l...

## How the world could better fight obesity | McKinsey

Rising obesity rates in the past several decades have been paralleled with increasing evidence of bias, stigma, and discrimination toward individuals with obesity (1). Weight discrimination is commonly reported by Americans (2) at rates

comparable to those of racial discrimination (especially in women) (2,3) and has increased in recent decades (4).
