Soviets turned to the political police in an effort to surveil and administer rural Russia is in no way surprising given the long experience in Russia of attempting to use the police to peer into society. Obtaining information about what was actually occurring beyond the limits of the capitals had, for centuries, bedeviled Russian rulers.

Initially, the secret police portrayed peasants' concerns as legitimate economic grievances and urged the regime to try to attract peasant support for the communist order by correcting these grievances and accommodating peasant needs. It was only when the secret police ceased to believe in their own
