### **Energy & Ascension**

Energy medicine is a branch of alternative medicine based on a pseudo-scientific belief that healers can channel healing energy into a patient and effect positive results. Practitioners use a number of names including various synonyms for medicine (e.g., energy healing) and sometimes use the word vibrational instead of or in concert with energy. In no case is any empirically measurable energy ...

### **THE MANUAL ON PRANIC ENERGY HEALING LEVEL I**

At its core, spiritual healing involves channeling a type of energy from one person, the "healer," to another. Practitioners claim that this energy can help to heal or alleviate physical, mental or spiritual ailments. The healer is generally thought to be a medium for the healing powers that are coming from a higher power, or spirit.
