

Plugged

While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

~~Eoin Colfer's Plugged video review De La Soul \"Dilla Plugged In\" How to properly charge your MacBook's battery (don't leave it plugged-in!)
