If you're looking for full-size instant photographs with great image quality and that elusive 'vintage look', the Polaroid Now+ is far and away the best option on the market right now. While the Polaroid Now offers the same base shooting options and image quality, and the OneStep+ offers some of the same Bluetooth connectivity and creativity, the Now+ combines the best features of both products.

### The best instant cameras in 2021 | Digital Camera World

This 'noon' image is another special case that is a bit like an edge detection system, though it is between 2 and 4 pixels wide for sharp edges. I have used this image in the past for generating a mask for the the beveled edge of "-shade" images, so as to make flat areas transparent.
