**Psychiatric consultations
in long-term care: An
evidence ...**

The Maudsley Handbook of Practical Psychiatry has long served trainees in psychiatry, presenting

them with practical and essential advice. This new edition of the orange book provides guidance on the psychiatric and neuropsychiatric examination and interviewing of adults and children not just as a central skill, but as the basis for reaching a diagnosis, formulation and defining a treatment plan.

Practical Psychiatry in the Long-Term Care Facility ...

Long-term care (LTC) services provide health care to >8 million people in approximately 30,000 nursing homes and assisted living/residential care communities in the United States. 1 One-half of older adults in LTC have neurocognitive disorders (NCDs), and one-

third have depressive syndromes. 2 Common reasons for psychiatric consultation include these 2 major diagnoses, as well as delirium ...

There are currently 7 FDA-approved second-generation long-acting injectable antipsychotics (LAIAs). 1-7 These LAIAs provide a unique dosage form that allows patients to receive an antipsychotic without taking oral medications every day, or multiple times per day. This may be an appealing option for

patients and clinicians, but because there are several types of LAIAs available, it may be ...
