managers and provides the fundamentals of project management as they apply to a wide range of projects. This internationally recognized standard gives project managers the essential tools to practice project management and deliver organizational results.

### *A Guide to the Project Management Body of Knowledge (PMBOK ...*

The Project Management Body of Knowledge is a set of standard terminology and guidelines (a body of knowledge) for project management. The body of knowledge evolves over time and is presented in A Guide to the Project Management Body of Knowledge (the Guide to the PMBOK or the Guide), a book whose sixth edition was released in 2017. The Guide is a document resulting from work overseen by the ...

*A Guide to the Project Management Body of Knowledge (PMBOK ...*

The PMBOK Guide is a collection of principles that both novice and the experienced professionals within the project management community can utilize to form good practices and—with time and effort—develop them into best practices. The key to navigating through the changes fostered by the migration to the Sixth Edition is a firm understanding of the Fifth Edition.
