Wood Burning Tips And Tricks: Mastering The Art Of Pyrography

01/01/2014. Pyrography uses wood-burning tools (which resemble a calligrapher's pen attached to a heat source) to burn designs onto wood or other natural surfaces. In this workbook-style guide, artist Irish provides an overview of some of the basics of pyrography, including variations in temperature (which introduces lighter and darker colors to the finished artwork), texture, and stroke.

Pyrography Basics : Techniques and Exercises for Beginners ...

The art of pyrography has been around for centuries. It is an age-old technique where a heated metal pen is used to burn wood, leaving behind a decorative pattern. Also known as wood burning, pyrography is a fantastic technique for skilled sketchers to try their hand at a different medium. The history of the craft dates back to the Egyptians and some African tribes, and in China it was known as ...
