## The Race-Class Narrative Project | Demos

“Hillbilly Nationalists is the story of reformers and revolutionaries, dreamers and doers, who remind us of a transformative organizing tradition among white, working-class communities. Inspired by Black Power and global events, these organizers did what only

poor folks can do: they pooled their resources to build a vibrant social movement that escapes easy classification.

Rooted in the empirically-backed Race Class Narrative 1, we are bringing these findings from development and testing to dissemination and implementation,

organizing and power-building. We do this by conducting rigorous research, aligning in-state groups around a shared strategy and narrative, and providing training, technical assistance and creative state-based communications campaigns.

Dedication to Inclusive Politics and Intersectional Solutions: At re:power, we center race, class, gender and sexuality across all our trainings—it's part of our practice of inclusive politics. We want organizers to be open to new ideas regarding it and to the ideas and contributions from their fellow organizers who will

reflect our diverse communities.

But ultimately, class  
struggle is class struggle,  
even when it's being  
waged by mostly Black

workers. There's a special kind of pandering that goes on on the left. It's like a bait & switch tactic where white leftists try to manipulate Black workers into fighting against capitalism by convincing them that racism and capitalism are one and the same.

Marxists have long understood that the workplace is the primary strategic site of class struggle, and that class struggle is essential for cohering a radicalized working-class majority with the capacity and will to overthrow capitalism in favor of socialism. At the same time, Marxists recognize our moral

responsibility to oppose —  
and the strategic necessity  
to fight — all forms of ...

Michael Goldfield's new  
book, The Southern Key:  
Class, Race, and

Radicalism in the 1930s and 1940s (Oxford University Press, 2020), challenges these truisms, revealing the possibilities for a racially egalitarian industrial unionism in the South during and after the Great Depression and how the Congress of Industrial Organizations (CIO) squandered those opportunities.
