Essay Questions and

Answers The River and  
the Source Plot: The

River and Source has a  
very simple plot. I

would easily define the  
plot as a linear plot-in

the sense that the  
book begins with the

birth of Akoko, the flow  
and pace that the

writer uses is of  
progressive nature.

A river begins at a source (or more often several sources), follows a path called a course, and ends at a mouth or mouths. The water in a river is usually confined to a channel, made up of a stream bed between banks. In larger rivers

# Online Library River And The Source Study

there is often also a wider floodplain shaped by flood-waters over-topping the channel.
