Nonetheless, even the Swedish have not, as yet, managed to create a car that never requires a service and never goes wrong. It is an unavoidable fact of time that, after a while, wear and tear can lead to faults developing. In this respect, it is important to have a service manual which allows you to detect and identify faults with your own Saab.

The Saab 2000 was well ahead of its time and is still outperforming its modern day competitors. The outstanding performance and comfort is most certainly the main reason why it's still so vastly popular out there. Since 1993, it still holds the world record in climb performance for twin engine turboprop aircraft. This is a short version of ...
