Shadowrun is a roleplaying game, not unlike improvisational theater. A gamemaster runs the game, while a group of players pretend they are characters set in the dystopian near-future of 2080. These character are created by the players, given a history and personality, and then further defined by a set of statistics that represent the character's skills and attributes-as developed in the ...

Shadowrun (4th Edition) (Catalyst Game Labs) The world is not only Awakened—it's wired. Cyber and bioware implants make your meat body better-than-flesh, while the wireless Matrix enhances your perceptions with hyper-real senses. Deals are made in steel and lead more often than gold or nuyen; success and failure live only a razor's edge apart.
