Species of Spaces and Other Pieces by Georges Perec ...
The exhibition Species of spaces, based on Perec's homonymous book, aims to transform the generic space of a museum into a particular one. That is the starting point of the display designed by MAIO, where a new set of square rooms of identical dimensions define and organize a series of works along the exhibition space.

Species of Spaces and Other Pieces by Georges Perec
Non-human animals in space originally served to test the survivability of spaceflight, before human spaceflights were attempted. Later, other non-human animals were flown to investigate various biological processes and the effects microgravity and space flight might have on them. Bioastronautics is an area of bioengineering research which spans the study and support of life in space.

Species of Spaces and Other Pieces (Penguin Classics ...
Species of Spaces and Other Pieces is a collection of Perec's "non-fictional and occasional writings". They span essentially his entire writing career (the earliest is a transcript from remarks from 1959), and include interviews, essays, fiction, and some of his puzzles.

Monoskop
George Perec Species of Spaces and other Pieces attempt to deal with the 'stage' in the conventional concepts of apartment space, trying to imagine fascinating alternatives in their strangeness to the familiar division of a bedroom, a nursery, a living room, etc. Distributions based not on circadian rhythms, but on weekly arrangements.
