taken as with ease as picked to act.

Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Through OBRL and the Natural Energy Works publication and distribution company, DeMeo's Orgone Accumulator Handbook, Saharasia and the OBRL Pulse of the Planet research journal have been distributed world-wide, in English and other languages. Research undertaken by DeMeo and associates of OBRL constitutes a major support for Reich's earlier findings, with important extensions and bridges built between Reich's orgonomy and a few of the more open and genuine elements of modern science.
