Pleasure Instinct: Why We Crave Adventure, Chocolate ...
What do we love so much about chocolate? How can particular aromas trigger vivid memories? Why are certain textures, shapes, and colors more pleasing than others? Wallenstein then reveals that in each case, the pleasure instinct delivers a distinct advantage, encourages normal brain growth, and enhances our ability to use and benefit from our senses.

The Pleasure Instinct: Why We Crave Adventure, Chocolate ...
In a sense, the death drive is a force that is not essential to the life of an organism (unlike an "instinct") and tends to denature it or make it behave in ways that are sometimes counter-intuitive. In other words, the term death "drive" is simply a false representation of death instinct.

Death drive—Wikipedia
The Roots of Schadenfreude: Why We Take Pleasure in Other People's Pain What getting satisfaction from someone's mishaps or failures may say about you. By Stacey Colino , Contributor March 1, 2017

The Roots of Schadenfreude: Why We Take Pleasure in Other ...
They stare in awe at vast landscapes and the starry sky, and they sing and dance, and make instrumental music. Why? The answer seems obvious: it gives them pleasure. But why should it? What benefit does the capacity for aesthetic pleasure bestow on the human organism? We know that aesthetic pleasure isn't just a drive, like hunger or sexual ...
