Thomas Oatley International Political Economy

Thomas Oatley's International Political Economy provides essential background to the interplay of economic behavior and political institutions. It takes seriously the role that economics plays in defining the interests of political actors but also introduces the student to the operation of institutions that govern international trade and finance.

Thomas Oatley

This course introduces students to the study of international political economy (IPE). The course focuses on the political foundations and consequences of the contemporary world economy. Thus, while it is not a course in international economics, the course will employ some basic economic concepts that will be explained in the lectures and reading.
