TV. Will they be as popular for e-  
books as well?

**Unix in a Nutshell,  
Fourth Edition | Arnold  
Robbins | download**

Background. Greetings,  
all. This week I'll be  
"reviewing" one of the  
books that made the

O'Reilly name, UNIX in a Nutshell, although I admit to feeling a little silly passing judgement on a book that has already been judged quite well by the community at large. The first edition of this book was published in December 1986, and has been a mainstay ever since.
