This book explores the historical origins of victory, discusses why a clear theory of victory is important, and develops the intellectual foundations of a modern pre-theory of victory. The military instruments necessary for victory are discussed using military interventions in Panama, Libya, Persian Gulf War, Bosnia/Kosovo, Afghanistan, and Iraq.

**Victory In War Foundations Of**

His book, *Victory in War*, insightfully addresses an issue that has plagued our modern strategic decision makers. Since the end of World War II, they have failed to effectively and clearly define and articulate 'victory' in the conflicts we fought. This work has been brilliantly researched and presented.

It also subsequently develops the intellectual foundations of a modern pre-theory of victory, and discusses the military instruments necessary for victory in the twenty-first century using case...

### **Victory in war: Foundations of modern military policy**

War demands that scholars and policy makers use victory in precise and coherent terms to communicate what the state seeks to achieve in war. The failure historically to define victory in consistent terms has contributed to confused debates when societies consider whether to wage war.

### **Victory in War: Foundations of Modern Military Policy ...**

Author William C. Martel tackles those questions, from a predominantly historical perspective, in his new book, *Victory in War: Foundations of Modern Military Policy* (Cambridge University Press, 2007). Martel, a professor of international security studies at Tufts University who has also taught at the Naval War College, argues that since victory in war means different things to different people there is no coherent definition, making it difficult to craft effective wartime strategies. It's ...

-Senator John Kerry "William Martel's *Victory in War* is a scholarly and well researched exploration of a subject that is increasingly drawing our attention; what is the meaning of victory in today's context. Drawing on history, Martel explores thoroughly different victories

and defeats and what led to them.

### **Victory in War : Foundations of Modern Military Policy by ...**

Arguing that the absence of a modern theory of victory makes it difficult to assess success in war, Martel's book is explicitly designed as an aid to current American policy. That is part of the problem with this book because it devotes far too little attention to non-American war-making and concepts of victory.
