2020 Volvo XC40 T5 AWD R-Design Test Drive And Review ...

The Volvo Modular Engine is a family of straight-four, straight-five, and straight-six automobile piston engines that was produced by Volvo Cars in Skövde, Sweden from 1990 until 2016. All engines feature an aluminum engine block and aluminum cylinder head, forged steel connecting rods, aluminum pistons and double overhead camshafts.

*T5 engine* - Wikipedia

Volvo's history is connected with the 5-cylinder engine. More than any other automaker (besides maybe Audi), Volvo's name has become synonymous with 5-cylinder engines over the last 30 years.

*Volvo T5 Engine*

The T5 engine is the standard engine options for most Volvo models, and is available with a front- or all-wheel drivetrain. The T5 engine is paired with an 8-speed transmission that provides seamless transition and a smooth ride. Key engine specs and model availability are as follows:
